

# DECLARATION ABOUT DE MINIMIS

## THE EUROPEAN REGIONAL DEVELOPMENT FUND OR THE EUROPEAN SOCIAL FUND

This declaration applies to grants under the Danish structural funds programmes 2014-2020 for de minimis aid granted from 1 January 2014.

The declaration is completed by the business before the grant is given, when the grant is considered to be state aid and where the aid is granted under the rules on de minimis aid.<sup>1)</sup>

The rules on de minimis aid entail that over a period of three years a business can receive up to EUR 200,000 as de minimis aid. Some sectors are exempt from receiving de minimis aid. You can get information about these sectors from the Danish Business Authority<sup>2)</sup>.

The recipient of de minimis aid must be informed by the party granting the aid that the aid concerned is in fact de minimis aid. In order for the aid to be granted, the business must also have a written notification about the expected amount of aid. That enables the business to provide correct information about de minimis aid previously received and to assess whether it can lawfully receive more de minimis aid. The information from the business also enables the party granting the aid to control if the aid ceiling of EUR 200,000 is observed.

When you are going to calculate the amount, you must allow for the following:

1. the de minimis aid which you must give notification of is the one that your business has received in this and the preceding two financial years, and
2. if your business is controlled by another business, the businesses may together receive EUR 200,000 as de minimis aid.<sup>3)</sup>
