The guidelines cover the tasks of the controller in relation to expenditure declared by Danish beneficiaries participating in a project under:

In Denmark the **national legal basis for the designation** of the controller is:

accommodation costs; (d) external expertise and services costs; and (e) equipment expenditure. The article on staff costs is introduced by “Expenditure on staff costs shall consist of gross employment costs of staff employed by the beneficiary”.

Regarding the **national rules**, in Denmark the statutory order 586 incl. later amendments applies. More regulations of the statutory order no 586 refer to the possibility or requirement of the managing authority of the individual programme to establish more specific instructions. In such cases the instructions of the individual European territorial cooperation programme, in this case the URBACT III Programme, are valid, ref. above. If the instructions of the cooperation programme refer to national regulations, the Guidelines on projects financed by the Structural Funds can be used as a guide for interpretation:

- [Statutory order on eligibility, accounts, auditing and control of grants from ERDF and ESF](#). (Order no. 586 of 3 June 2014 incl. later amendments).
- [Guidelines on projects financed by the Structural Funds](#)

The regulations on **public procurement, state aid, equal opportunities and the environment** are of particular relevance. National regulations are available on:

- Public procurement is regulated by [Danish Act on Public Procurement, law number 1564 of 15 December 2015](#) (incl. later amendments)
- [State Aid Regulations](#)
- [The Environment protection Act, no. 681 of 2 July 2019](#) (incl. later amendments)
- [Danish Act on equal Opportunities between Women and Men, Act no. 1678 of 19 December 2013](#) (incl. later amendments).

The **programme rules** of the URBACT III Programme are available, particularly the Programme and the Programme Manual, on [the website for Urbact](#). Community rules regarding public procurement and state aid are available on the links to national regulations referred to above. [Other community rules](#) are available on the website for the European Commission.
